## UNIVERSITY

### WELCOME TO GAME DESIGN AT FALMOUTH.

---

Dear [NAME]

Welcome to MA Game Design at Falmouth.

We're getting in touch with some important information about your course as you prepare to join us. At the end of this letter, you will also find information about how you can make sure your skills and knowledge are of a standard whereby you will be able to hit the ground running from day one.

This is the beginning of an intellectually stimulating course and your journey to become a successful Game Development professional. We have worked with games industry veterans, pioneering game educators, and world-leading researchers, to prepare a rigorous and comprehensive curriculum for you. The course is tailored to maximise your employability; whether this will be at an AAA games studio, an Indie developer, your own start-up company or as a freelance content producer.

At the back of this letter there is also a list of equipment that you should bring with you, as well as any other costs that you might incur throughout your course.

Your academic experience will be predominantly in person with some courses using a small amount of digital resources to support your learning. To engage in the digital learning activity, although you will be able to access IT suites on campus, you will benefit from a laptop to access the platforms and tools we use. You will be provided with free access to the Microsoft Office suite, (including Word, Excel and PowerPoint) while you study at Falmouth.

If you are eligible for a loan from Student Finance and have not yet applied, please do so immediately to ensure the loan is approved before you enrol. Once you enrol you are liable for the tuition fees. You can find more information from the Student Loans Company at: [www.gov.uk/government/organisations/student-loans-company](http://www.gov.uk/government/organisations/student-loans-company) Advice on managing your finances whilst studying can be found on the University's website here: [falmouth.ac.uk/study/student-funding/how-much-does-it-cost](http://falmouth.ac.uk/study/student-funding/how-much-does-it-cost)

Over the summer, you can join our Step into Falmouth Sessions. These online workshops are designed to provide advice and guidance on settling into university life. They are scheduled to take place across three weeks in July and August. Some of them will also be recorded so you can watch them back at a time that suits you. More information can be found at [falmouth.ac.uk/experience/new-students/step-into-falmouth](http://falmouth.ac.uk/experience/new-students/step-into-falmouth)

Over the summer, if you have any questions, you can join the Student Mentor team on Discord to talk about the course, living in Cornwall and what to expect at Falmouth. Our mentors are

already studying on your course, so ask them anything you like. Find them at [falmouth.ac.uk/experience/new-students/mentoring](https://falmouth.ac.uk/experience/new-students/mentoring). Alternatively, email your name and your course to: [studentmentors@falmouth.ac.uk](mailto:studentmentors@falmouth.ac.uk) and they will be in touch.

Over the next few weeks, we'll email you more important information about your course and life at Falmouth. If you're going to be away or out of contact, make sure you ask someone to check your emails and reply on your behalf.

Whilst you are doing your projects at university, you can engage with our community online. Join our Discord and introduce yourself: [link.falmouth.games/discord](https://link.falmouth.games/discord)

When you enrol, you'll need to agree to and comply with the University's Student Terms & Conditions. These Terms & Conditions are important, and we encourage you to read them carefully, before enrolling. You can find them under 'Student Terms & Conditions' on our website [www.falmouth.ac.uk/student-regulations](http://www.falmouth.ac.uk/student-regulations)

Teaching and assessment will be throughout the full 15 weeks of the study blocks.

You'll begin your course on **Monday 25 September 2023.**

Your timetable will show you where you need to go and when on Monday 25 September and throughout the week.

This is the week when you'll meet your course mates, course tutors and University staff. There will be important inductions to both your course and the wider University facilities and services.

## Pre-course preparation project

### Essential

At this stage many students want to know what we'd recommend they do to be properly prepared for the course in September. The primary tool we will be using for game-making in the first term is Unity. **Regardless of which route you are on in the course; you should download and begin to familiarise yourself with this software as soon as you can.** It's free and the tutorials are located at [unity3d.com/learn/tutorials/modules](http://unity3d.com/learn/tutorials/modules)

We'll be expecting students to have undertaken several of the beginner level Unity tutorials, in order to hit the ground running with the software in September. The more familiar you are with this software, the easier you will find the course. Developing and keeping up to date with the software is something we never stop expecting students to do.

## Materials and equipment list and costs

### Essential

#### Laptop and Desktop Advice

The latest advice about which computers we recommend you buy for your course is available here:

[link.falmouth.games/computer-advice](http://link.falmouth.games/computer-advice)

Global supply chain issues are having an impact on the prices of computers, which means you don't get as much for your money at the moment than would usually be the case. However, you will have access to machines with a very high specification in our studios where you'll be expected to do most of your work.

#### **Headset with Microphone**

You will need a headset with a microphone for some classes. We recommend purchasing a high-quality headset for your comfort. Manufacturers such as *Sennheiser*, *Razer*, *HyperX* and *Corsair* are rated highly by our current students. These can cost between £30 - £150.

#### **Webcam**

You may need a webcam in some teaching. Manufacturers such as *Logitech*, *Microsoft*, and *Razer* are rated highly by our current students. These can cost between £25 - £100.

#### **Internet Access**

It is important that you secure sufficient access to the Internet as some materials are made available to you through our virtual learning environment. We recommend a fibre broadband connection if available, but a minimum of at least 5Mbps will be suitable for livestreaming content.

If you have further questions, need more detailed advice or would like us to check the suitability of a particular model, then please email [games.support@falmouth.ac.uk](mailto:games.support@falmouth.ac.uk)
